# EILEEN LI

Vancouver, Canada
Email: eileenli.el@gmail.com  Portfolio: https://gitel21.github.io/gitel21/

## CAREER OBJECTIVE

- Eager to obtain a challenging position at a prestigious company that will expand my learning and build upon my developer skills;
- Highly motivated, self-starting developer who is familiar with development and deployment process for many web-based technologies;
- Proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines.

## SKILLS

JavaScript, HTML, CSS, React.js, Node.js, Python, Database

## WORK EXPERIENCE

### Personal Project: Website for a clothing store

- Created an accessible, responsive, and functional user interface which allows visitors to have the same perfect user experience on any device.
- Created the user experience that fetched, parsed, and formatted analytic data, and relayed it into React functional components.
- Leveraged Firebase databases to contain user and product information.
- Deployed front-end website with Netlify.

### Personal Project: Face Detection

- Built a website with React class components
- Built an app with Clarifai AI model for detecting the location of human faces in images
- Built a back-end server with node JS Express framework
- Created a PostgreSQL database with Dbeaver
- Deployed final production on Render

### Personal Project: Countdown

- Developed a user interface with modern JavaScript, HTML5, and CSS3
- Built a web app which can show users the accurate countdown time from any selected future date to now.

## EDUCATION

- Web Development Online Bootcamp by ZTM ( https://zerotomastery.io )
- Google IT Support Professional Certificate
- University degree in accounting
